Barging Service

We can, upon request, provide a barge for delivery to islands and sites that are inaccessible by road. Prices upon request.

Drilling Services

We can provide rock drilling equipment for the installation of piers for permanent docks and free standing boathouses.

Pick Up

A 20% deposit is required on all orders. The balance of the order must be paid in full upon pick up of the item.

Delivery

Delivery is available for all of our products, if you wish. All deliveries are to the driveway or launch area only (if customer is on an island). Delivery charges are \$1.00/km each way. If a customer wishes to have an item delivered to an island an additional barging charge will apply.

Delivery Terms - A 20% deposit is required on all orders. The balance of the order must be paid for in full prior to your items being delivered. Visa/Mastercard may be used for deposits but we ask that you use Debit, Cheque or Cash for remaining payment.

Installation

Installations are extra. All Docks, Boat Lifts and Marine Railways will be leveled by our staff. Unfortunately, some lake bottoms are soft and Docks or Boat Lifts may settle after usage. If we need to re-level the item a service charge will apply. If an item is added to your order after the installation date we will gladly install it for you, however a service charge may apply. Any discrepancy in your installation must be reported to us within one week of the installation otherwise our normal terms will apply.

Installation Terms – A 20% deposit is required on all orders. 70% of the balance is due prior to the installation, and the remaining 10% is due 10 days after installation. Any back ordered items will be billed separately at the time of installation. In the case of a Lift Up Dock a \$500.00 hold back fee will be permitted until the item has been lifted for the first time. Any overdue accounts above and beyond the \$500.00 hold back fee will not be lifted until account has been brought up to date.

Any invoices outstanding over 30 days will be subject to a 2% monthly interest charge. Prices subject to change without notice. HST extra.

Who We Are

R & J Machine is a family owned and operated business that has been designing and manufacturing quality waterfront products for over 36 years. Our manufacturing facility in Lakefield, Ontario produces the ultimate in Docks, Marine Railways and Boat Lifts, to make your summer relaxing and worry-free. Each shoreline is unique, and we take pride in the ability to serve our customers on an individual basis. From custom design through manufacturing and installation, our priority is your complete satisfaction and confidence that an R & J product is the best there is. At R & J Machine, our quality workmanship, specialized materials and innovative design make us the superior choice for Docks, Lifts and Marine Railways. With an R & J product your valued property will be protected, providing you with years of enjoyment and satisfaction.

To insure you better quality, all of our products, with exception of our gearboxes and winches, are manufactured in-house at our facility in Lakefield.

Warranty

R & J Machine warrants all R & J built equipment purchased new by the original owner to be free from defect in the material and workmanship under normal use for a period of 24 months from the date of purchase (excluding components and options which carry their own manufacturer's warranty, wherein that warranty will apply). There is no other express warranty. R & J Machine is not liable for incidental or consequential damages or injuries of any kind due to installation, removal, use, misuse, misapplication or improper selection of one of our purchased or displayed products. R & J Machine agrees to repair or replace only defective parts returned to the factory (prepaid) and deemed defective by R & J Machine. Warranty is void when misuse or neglect is the cause, or items have been damaged by ice or wind.

Specifications are subject to change without notice.
