## **NEW! Wave Armor Kayak Launch!**

The new Wave Armor Kayak Launch is made for the beginner or a seasoned kayaker. It's great for getting on the water in early spring through late fall without getting your feet wet! A simple & safe solution - Also great for canals where you have seawalls.

- Can be attached to our beautiful Wave Armor dock or any standard fixed dock or other brands of floating docks
- Rails feature strategically positioned ball-shaped handgrips for effortless entry and launching
- Includes one set of rails, with option for second set for continuous travel-through
- Optional Kayak Launch Rack installs onto the launch platform to provide smart, simple & handy storage
